

Midland ISD - PLC at Work® Districtwide Project

Coaching Reflection

Associate Name: Barbara Coleman

School: Bowie Fine Arts Elementary

Date(s) of Coaching Work: June 13, 2022

Please feel free to be succinct and use bullets while answering the reflection questions.	
What was accomplished during this coaching visit?	Met with the principal to plan for the 2022-2023 school year. She is always eager to learn and implement and refine the practices. It has been a pleasure working with the principal and her staff this spring!
Do you have any issues, concerns, or hurdles that you will be working on in future coaching visits?	None...having time coaching the teams in the identification of essential learning standards, pacing out the standard, creating CFA's and looking at the data to inform learning for targets for students
What are your next steps for your next visit?	Hope that I can come back in the fall to continue to support the campus in the PLC work.
What homework did you leave the school to focus on until your next visit?	The principal will do a PLC overview with all new staff members and will begin working with the staff on how to set individual learning goals for students.
What support do you need as a coach from Solution Tree at this point?	None
Additional Questions or Comments	Since the contract came in late the time with the campus, the work felt really rushed this spring. It would be nice to come back next year to coach over time and not so rushed at the end of the school year.
